Peter Henderson, Stumpp & Walter Co.

A DIVISION OF

October, 1953

Dear Friends:

It is a very real pleasure to announce an important change in the affairs of Peter Henderson-Stumpp & Walter Co.

We have combined our personnel, resources and facilities with those of Breck's of Boston, and the result will be even broader offerings of top-quality horticultural merchandise as well as better and faster service to our mail order customers across the nation.

Breck's, established in 1818, is one of the very largest seed and bulb houses and the oldest in America continuously in one family. Our combined horticultural experience now totals 295 years!

We will continue to operate our six stores in the greater New York City area, and have plans for opening additional up-to-date garden centers in other appropriate locations. Since Breck's serves a very much larger group of garden customers by mail and has a large modern mail order plant in Boston, we have closed our own mail order warehouses in New Jersey, so that all mail order business will be shipped from Breck's Boston headquarters.

Some of the Breck's catalogs we'll be sending you regularly from now on are devoted to a fascinating variety of unusual practical gifts and useful household accessories. We think you'll enjoy them.

Wish us luck in our new association. Better yet, send us an order for these cream-of-the-crop Holland bulbs now that crisp autumn planting days are here! We've been a bit quiet lately, but now we're rarin' to go. Thank you for your loyalty in the past. We look forward to many pleasant relations in the future.

Faithfully yours,

Laurence F. Palmer
